## THE AGREEMENT

THIS AGREEMENT, made between Shambaugh and Son, Inc.

hereinafter called the "Contractor", and the City of Fort Wayne, Indiana

hereinafter called the "Owner".

WITNESSETH, that the Contractor and the Owner, for the considerations hereinafter named, agree as follows:

ARTICLE 1 - THE WORK. It is agreed that the Contractor shall furnish all the materials and equipment and perform all of the work shown on the Drawings and described in the Specifications entitled:

City of Fort Wayne, Indiana  
Water Works Improvements  
St. Joseph Dam and Pump Station Additions  
Contract 77-W-3

prepared by McNamee, Porter and Seeley, acting as, and in these Contract Documents entitled, the Engineer; and shall do everything required by the Contract Documents; the Contract Documents being hereby defined to include the Notice to Bidders, Instructions to Bidders, Proposal, Agreement, Bonds, Drawings, Specifications and any supplements thereto agreed to by both parties.

It is further agreed that the work shall be done using the following named materials and types of construction offered either in the base proposal or alternate thereto.

In accordance with the Base Proposal using Traveling Water Screen manufactured by Envirex, including Addendum No. 1 dated July 26, 1978 and Addendum No. 2 dated August 3, 1978.

**ARTICLE 2 - ALTERATIONS.** It is agreed that the Contractor shall make alterations to the work under this Contract as the Owner may especially order in writing. Such alterations shall be paid for at prices mutually agreed upon at the time by the Owner and the Contractor or on the cost plus basis set forth below.

In the case of additions only where a price cannot be agreed upon in advance, then the Owner will pay, and the Contractor shall accept, as fully compensation for such work, an amount equal to the actual and necessary net cost in money to the Contractor for labor, materials and equipment (in addition to that available at the site) actually used therein or expended thereon, plus 30% of the total labor cost, plus 10% of the actual net material cost, plus sales tax, plus 10% of the actual net cost of any subcontract work for superintendence, power, the use of tools and plant available at the site, federal and state taxes, workmen's compensation insurance, public liability insurance, bond premium and all overhead and incidental expenses.

During the progress of any extra work which is to be paid for on the basis of net cost plus stipulated percentage, the Contractor shall furnish to the Owner, at the end of each day, suitable time slips showing the name of and the number of hours worked by each workman employed thereon, the nature of the work performed by such workman, and his rate of pay together with suitable and adequate memoranda of the materials used therein showing the character and amount of each such material, the sources from which it was purchased, and the price paid or to be paid therefor.

The Owner, at its discretion, may furnish to the Contractor any materials or supplies or transportation required for extra work. The Contractor shall not be entitled to any allowance for percentage on account of materials or supplies or transportation so furnished.

It is agreed that all work that may be ordered by the Owner and performed under the provisions of this article shall be done by the Contractor in an effective and workmanlike manner and shall be subject to the same restrictions and liabilities as those which apply to the general work of this Contract; and the Contractor will be responsible for the maintenance and the Owner.

It is further agreed that no claim against the Owner on account of alterations shall be valid unless such work has been previously ordered in writing, and unless such claim has been presented for payment as soon as practicable after the completion of such work and before the making up of final estimate.

**ARTICLE 3 - TIME.** It is agreed that the Contractor shall begin work under this Contract within ten days after the mailing to the Contractor of the written notice to proceed and that he shall prosecute it in such manner as will bring the entire work to completion within 600 calendar days after the date of beginning, except as such time limits may be advanced in accordance with the provisions of Article 4 herein. The time of beginning, rate of progress and date of completion are considered essential elements of the Contract.

**ARTICLE 4 - EXTENSION OF TIME.** It is agreed that, if the Contractor shall be unavoidably delayed in beginning or fulfilling this Contract by reason of excessive storms or floods, or by acts of Providence, or by general strikes, or by court injunction, or by stopping of the work by the Owner because of any emergency or public necessity, or by the actions of other contractors engaged in this program, or by reason of alterations ordered by the Owner, the Contractor shall have no valid claim for damages on account of any cause or delay, but he shall in such case be entitled to such an extension or advancement of the time periods specified in Article 3 herein as the Engineer shall adjudge to be just and reasonable; provided, however, that formal claim for such extension shall be made in writing by the Contractor within a week after the date upon which such alleged cause or delay shall have occurred.

**ARTICLE 5 - LIQUIDATED DAMAGES.** It is expressly covenanted and agreed that time is and shall be considered of the essence of the Contract. In the event that the Contractor shall fail in due performance of the entire work to be performed under this Contract, or to perform any certain portions thereof for which definite stipulations have been agreed to, by and at the times herein mentioned and referred to in

Article 3, or within some other certain date subsequent to this to which the time limit for the completion of the work may have been advanced under the provisions of Article 4, the Contractor shall pay unto the Owner, as and for liquidated damages and not as penalty, the sum of One Hundred Dollars (\$100) for each and every calendar day that the Contractor shall be in default. Said sum of One Hundred Dollars (\$100.00) per day, in view of the difficulty of estimating such damages with exactness, is hereby expressly fixed and agreed upon as the damages which will be suffered by the Owner for reason of such defaults. It is also understood and agreed that the liquidated damages hereinbefore mentioned are in lieu of the actual damages arising from such breaches of the Contract, which said sums the Owner shall have the right to deduct from any monies in its hands, otherwise due, or to become due, to the Contractor, or to sue for and recover compensation or damages for non-performance of this Contract at the time stipulated herein and provided for.

**ARTICLE 6 - ASSIGNMENT OF CONTRACT.** It is agreed that the Contractor shall not assign or transfer this Contract or sublet any part of the work embraced in it, except with the written consent of the Owner to do so.

It is further agreed that all parts of the work which may be performed by a subcontractor shall be done in conformity with and be subject to all the provisions of the Contract Documents exactly as if performed by the Contractor and his immediate employees and workmen. No subletting of the work shall in any way diminish or weaken the responsibility of the Contractor for all parts of the work or lessen his obligations and liabilities under this Agreement.

It is likewise agreed that the Contractor shall not assign, either legally or equitably, any of the monies payable to him under this Agreement, or his claim thereto, except with the written consent of the Owner.

**ARTICLE 7 - OWNER'S RIGHT TO COMPLETE.** It is agreed that, if at any time the Contractor shall be adjudged bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency, or if he should persistently or repeatedly fail to supply enough properly skilled workmen or sufficient suitable materials for the work, or if he should habitually fail to make prompt payment to subcontractors or to pay promptly for materials and labor, or if he should persistently disregard laws or ordinances or the directions of the Engineer, or if he should wilfully and repeatedly violate any of the substantial provisions of this Agreement; then in such case the Owner upon receipt of a certificate from the Engineer stating that sufficient cause exists to justify such action and stating the nature of said cause and after giving the Contractor and his sureties written notice thereof, may order him to discontinue all work under this Contract or any part thereof. Thereupon the Contractor shall at once discontinue such work or such part thereof, and shall cease to have any right to the possession of the ground. The Owner shall have the right to finish the work, or such part thereof, by contract or otherwise as he may elect, and for that purpose to take possession and make use of such materials, tools, building appliances and equipment as may be found upon the work, and to charge the cost and expense of such completion to the Contractor. The Contractor shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the contract price shall exceed the expense of finishing the work, including compensation for additional managerial and administrative services, the amount of such excess shall be paid to the Contractor, and if such expense shall exceed unpaid balance, the Contractor shall pay to the Owner the amount of such excess.

It is expressly stipulated and agreed that, from and after the date of the order to discontinue work, and until such work shall have been finally completed by the Owner, neither the Contractor nor any of his agents or employees shall remove, or make any effort, directly or indirectly, to remove any of the above mentioned materials, tools, building appliances or equipment from the points at which they were located on the date of said order, except upon the written consent of the Owner to do so.

It is further understood and agreed that the foregoing provisions of this article are without prejudice to any other right or remedy which the Owner may have under this Agreement.

ARTICLE 8 - GENERAL STIPULATIONS. It is agreed that the Contractor shall comply with the following general stipulations:

Permits and Regulations. The Contractor shall secure and bear the cost of any permits or licenses of a temporary nature necessary for the prosecution of the work. In particular, he shall secure and bear the cost of shutting off and turning on public services of every nature which may be required by his operations. Where such discontinuance of service affects consumers, due and sufficient notice shall be served upon those so affected.

Workers' Compensation Insurance. The Contractor shall procure and shall maintain during the life of this Contract, Employee's Liability and Workers' Compensation Insurance for all of his employees to be engaged in work on the project under this Contract; and in case any such work is sublet, the Contractor shall require the subcontractor similarly to provide Employer's Liability and Workers' Compensation Insurance for all of the latter's employees to be engaged in such work.

In case any class of employees engaged in hazardous work under this Contract is not protected under the Worker's Compensation statute, the Contractor shall provide and shall cause such subcontractor to provide adequate insurance coverage for the protection of the employees not so covered.

Contractor's Public Liability Insurance. The Contractor shall procure and shall maintain during the life of this Contract Contractor's Personal Injury Insurance in an amount not less than \$500,000 for injuries, including accidental death, to each person, in an amount not less than \$1,000,000 on account of each occurrence; and Contractor's Property Damage Insurance in an amount not less than \$500,000 each occurrence, and \$500,000 aggregate including Completed Operations and Contractual Liability Coverages.

This Public Liability Insurance shall include coverage for Explosion, Collapse and Underground Hazards.

Subcontractor's Public Liability Insurance. The Contractor shall require each of his subcontractors to procure and to maintain during the life of his subcontract, Personal Injury Insurance in an amount not less than \$500,000 for injuries, including accidental death, to each person, and in amount not less than \$1,000,000 on account of each occurrence; and the Contractor's Property Damage Insurance in an amount not less than \$500,000 each occurrence and \$500,000 aggregate.

The Contractor shall require each of his subcontractors to procure and maintain during the life of this Contract Contractor's Protective Public Liability Insurance in an amount not less than \$500,000 for injuries, including accidental death, to each person, and in an amount not less than \$1,000,000 on account of each occurrence; and property damage in an amount not less than \$500,000 each occurrence, and \$500,000 aggregate.

This Public Liability Insurance shall include coverage for Explosion, Collapse and Underground Hazards.

Contractor's Automobile Bodily Injury and Property Damage Insurance.

1. The Contractor shall procure and shall maintain during the life of this Contract Automobile Bodily Injury Insurance in an amount not less than \$500,000 for injuries, including accidental death, to each person, and in an amount not less than \$1,000,000 for each occurrence; and property damage in an amount not less than \$500,000 for each occurrence.
2. The Contractor shall procure and shall maintain during the life of this Contract Hired and Non-Ownership Automobile Bodily Injury and Property Damage Insurance in an amount not less than \$500,000 for injuries, including accidental death, to each person; and in an amount not less than \$500,000 for each occurrence; and property damage in an amount not less than \$500,000 for each occurrence.

Owner's Protective Public Liability Insurance. The Contractor shall procure and maintain during the life of this Contract Owner's Protective Public Liability Insurance in the name of the Owner and Engineer in an amount not less than \$500,000 for injuries, including accidental death, to each person, and in an amount not less than \$1,000,000 on account of each occurrence; and property damage in an amount not less than \$500,000 each occurrence and \$500,000 aggregate.

Builder's Risk/All Risk Insurance. The Contractor shall insure for the life of the Contract, and until the work is accepted by the Owner, all risk type builders risk insurance. The policy shall cover not less than the losses due to fire, explosion, hail, lightning, vandalism, malicious mischief, wind, collapse, riot, aircraft and smoke. The insurance policy shall be held jointly in the names of the Owner and the Contractor, and shall name as the insured the Contractor, the Engineer, and the Owner. The amount of the policy may vary with the extent of the work completed, but shall at all times be at least equal to the amount paid on account of work and materials plus the value of the work or materials furnished or delivered by the Contractor but not paid for by the Owner.

Additional Insurance. Where the work under the Contract crosses or is adjacent to a railroad, such insurance as is required by the railroad shall be furnished in the name of the railroad or railroads.

Indemnification Clause. The Contractor shall hold harmless from and indemnify the Owner and Engineer against all claims, suits, actions, costs, counsel fees, expenses, damages, judgments or decrees, by reason of any person or persons or property being damaged or injured by the performance of the Contractor or any of his subcontractors, and suppliers, or any person employed under said Contractor, or under any of his subcontractors, during the progress of this Contract.

Proof of Carriage of Insurance. The Contractor shall provide the Owner, at the time contracts are returned by him for execution, certificates and policies listed below. A guarantee that ten (10) days' notice to the Owner prior to cancellation of or change in any such insurance shall be endorsed on each policy and certificate of insurance.

1. Original and nine copies of Certificate of Coverage for Contractor's Workers' Compensation Insurance.
2. Original and nine copies of Certificate of Coverage for Contractor's Public Liability Insurance.
3. Original and nine copies of Certificate of Coverage for Contractor's Automobile Bodily Injury and Property Damage Insurance covering owned, hired, and non-owned vehicles.
4. Original and two copies of policy for Owner's Protective Public Liability Insurance.
5. Original and two copies of Policy of Coverage for Builder's Risk.

The Contractor shall not commence work under this Contract until he has obtained all insurance required and such insurance has been approved by the Owner, nor shall the Contractor allow any subcontractor to commence work on his subcontract until all similar insurance required of the subcontractor has been so obtained and approved.

Labor Laws and Ordinances. The Contractor shall obey and abide by all the laws of the State in which the work is being performed relating to the employment of labor on public work and all the laws and requirements of the Owner regulating or applying to public improvements.

Patents and Patent Rights. The Contractor shall protect and save the Owner harmless against all claims or actions brought against the Owner by reason of any actual or alleged infringement upon patent rights in any article, material, process, machine or appliance used by him in his work.

**ARTICLE 9 - ARBITRATION.** All matters in dispute arising from this Contract shall be promptly submitted to arbitration upon demand by either party to the dispute. The Contractor shall not delay the work because arbitration proceedings are pending, unless he shall have written permission from the

Owner to do so and such delay shall not extend beyond the time when the arbitrators shall have an opportunity to determine whether the work shall continue or be suspended pending decision by the arbitrators of such a dispute. Any demand for arbitration shall be in writing and shall be delivered to the Engineer and the adverse party either by personal delivery or by registered mail addressed to the last known address of each within 10 days of receipt of the Engineer's decision and in no event after final payment has been made and accepted. Should the Engineer fail within a reasonable period to make a decision regarding claim of the Owner or Contractor a demand for arbitration may be made as if the Engineer's decision has been rendered against the party demanding arbitration.

No one shall be qualified to act as an arbitrator who has directly or indirectly any financial interest in the Contract or has any business or family relationship with the Owner, Contractor or Engineer. Each arbitrator selected shall be qualified by experience and knowledge of the work involved in the matter to be submitted to arbitration.

Each of the parties hereto shall pay one-half of the expense of such arbitration.

Arbitration shall be in accordance with the procedure and standards of the American Arbitration Association.

ARTICLE 10 - PAYMENT. And it is agreed that, in consideration of the faithful and entire performance by the Contractor of his obligations under this Contract, the Owner shall pay to him, at the times and in the manner hereinafter stipulated, the following named Contract Sum:

Seven Hundred Eighty-nine Thousand Five Hundred and 00/100

Dollars (\$ 789,500.00 ).

Such contract sum shall be modified by such sums for alterations as may have been determined under the provisions of Article 2 herein and diminished by such sums as the Owner may lawfully deduct and retain as liquidated damages under the provisions of Article 5.

At about the close of each month during which satisfactory progress has been made toward the final completion of the work, the Engineer will make an estimate of the amount and value of the work which has been done under this Contract during that month, or since the date of the last preceding estimate. Such estimate shall not be required to be made by strict measurement or with exactness, but may be made either wholly or in part by appraisal or estimation or by a consideration of accounts for labor and materials, and it shall be sufficient if it is approximate only. Any error or inaccuracy which may occur in any such progress estimate may be allowed for or corrected in any subsequent estimate.

It is agreed that, before the Contractor shall demand partial or final estimates or payments, he shall furnish to the Owner, if and when requested to do so, supported, if required, by sworn statements, satisfactory evidence that all persons who have supplied labor, materials, or equipment for the work embraced under this Contract have been fully paid for the same; and that, in case such evidence be not furnished as aforesaid, such sums as the Owner may deem necessary to meet the lawful claims of such persons may be retained by the Owner from any moneys that may be due or become due to the Contractor under this Agreement until such liabilities shall be fully discharged and the evidence thereof be furnished to the Owner.

Generally, no allowance will be made in any progress estimate for materials furnished and delivered on the ground until such materials shall have been permanently incorporated in the work. However, in the case of heavy equipment and other indestructible items, properly stored and protected, the Engineer may make allowance in the estimate of the invoice price of such items.

As soon as practicable after such estimate is made up and certified and upon its approval by the Owner, the Owner shall pay to the Contractor, on account, a sum equal to the estimate less a retainage, except that the Owner may deduct and retain out of any such partial payment a sum for unsatisfactory work or sufficient to meet any undischarged obligations of the Contractor for labor, materials or equipment furnished for the work. Periodic payment retainage amounts shall be based on the following schedule:

- (a) Retention of up to 10% of payments claimed until construction is 50% complete;
- (b) After construction is 50% complete, reduction of the total retainage to 5% of payments claimed, provided that the Contractor is making satisfactory progress and there is no specific cause for greater withholding.
- (c) When the project is substantially complete (operational or beneficial occupancy), the retained amount shall be further reduced below 5% to only that amount necessary to assure completion of the contract work;

No progress estimate made or certified by the Engineer and no partial payment made to the Contractor by the Owner shall be deemed or construed as an acceptance of any part of the work under this Contract.

As soon as practicable after the satisfactory completion of all work covered by this Agreement, the Engineer will make a final inspection of the work as a whole and will make up a final estimate of the total amount due the Contractor under the terms of the Agreement. Upon the acceptance of the completed work, the Owner will pay to the Contractor the entire amount of such final estimate, less the sums previously paid, and less such sums as the Owner may deem to be necessary to meet the undischarged obligations of the Contractor for labor, materials or equipment furnished for the work. The Contractor shall file with the Owner a sworn statement that all claims for amounts due for labor, materials, and equipment furnished for this work have been paid in full, or he shall so file in lieu thereof, a sworn statement showing in detail the nature and amount of all unpaid claims for said labor, materials and equipment.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals, in quadruplicate, this \_\_\_\_\_ day of \_\_\_\_\_, 19 \_\_\_\_\_.

## INSTRUCTIONS FOR EXECUTING AGREEMENT

If the Contractor be a corporation, the following certificate should be executed.

I, Kevin L. Beach, certify that I am the \_\_\_\_\_ Secretary of the corporation named as Contractor hereinabove; that Max P. Stambaugh, who signed the foregoing agreement on behalf of the Contractor, was then President of said Corporation; that said agreement was duly signed for and in behalf of said Corporation by authority of its governing body, and is within the scope of its corporate powers.

Kevin L. Beach (Corporate Seal)  
Kevin L. Beach

If the agreement be signed by the secretary of the corporation, the above certificate should be executed by some other officer of the corporation, under the corporate seal. In lieu of the foregoing certificate there may be attached to the agreement copies of so much of the records of the corporation as will show the official character and authority of the officers signing, duly certified by the secretary or assistant secretary under the corporate seal, to be true copies.

The full name and business address of the Contractor should be inserted and the agreement should be signed with his official signature. Please have the name of the signing party or parties typewritten or printed under all signatures to the agreement.

If the Contractor should be operating as a partnership, each partner should sign the agreement. If the agreement be not signed by each partner there should be attached to the agreement a duly authenticated power of attorney evidencing the signer's (signers') authority to sign such agreement for and in behalf of the partnership.

If the Contractor be an individual, the trade name (if the Contractor be operating under a trade name) should be indicated in the agreement and the agreement should be signed by such individual. If signed by one other than the Contractor there should be attached to the agreement a duly authenticated power of attorney evidencing the signer's authority to execute such agreement for and in behalf of the Contractor.

CITY OF FORT WAYNE, INDIANA  
IMPROVEMENT TO FORT WAYNE WATER UTILITY  
PERFORMANCE AND GUARANTY BOND

KNOW ALL MEN BY THESE PRESENTS, that we Shambaugh and Son, Inc.  
(Contractor or Developer) as Principal, and the St. Paul Fire and Marine Insurance Company  
(Insurance Company), a corporation organized under the laws of the State of Minnesota 1925 (State and Date), and duly authorized to transact  
business in the State of Indiana, as Surety, are held firmly bound unto the City  
of Fort Wayne, Indiana, an Indiana Municipal Corporation in the sum of \$ 789,500.00  
(value of work) for the payment whereof well and truly to be made, the Principal  
and the Surety bind themselves, their heirs, executors, administrators, successors  
and assigns, jointly and severally, firmly by those present. The condition of the  
foregoing obligation is such that

WHEREAS, the Principal has entered into contract with the City or has applied for authority to  
construct or cause to be constructed, a water utility improvement project to become part of the  
City's water utility system, which said project is to be built and constructed according to plans and  
specifications prepared by or approved by City and known as City of Fort Wayne, Indiana, Water  
Works Improvements, St. Joseph Dam and Pumping Station Additions, Contract 77-W-3 (Name of  
Project), and,

WHEREAS, the grant of authority by City to so construct such water main provides:

1. That said project shall be completed according to said plans and specifications, and there shall be filed with the City, within thirty (30) days after completion, a Completion Affidavit.
2. Said Principal is required to agree to make such adjustments, modifications, and repairs as required by the City within thirty (30) days after notice, and,
3. To agree to maintain said project for a period of one (1) year following written acceptance by the City of said project, and,

WHEREAS, said Surety, for value received, hereby stipulates and agrees that no  
change, extension of time, alteration, or addition to the terms of the contract or  
to the work to be performed thereunder, or the specifications accompanying the same,  
shall in any way affect its obligation on this bond, and it does hereby waive  
notice of any such change, extension of time, alteration or addition to the terms  
of the contract, or to the work or to the specifications, and

no change, modification, omission, or addition in and to the terms or conditions of said contract, plans, specifications, drawings, or profile, or irregularity or defect in said contract or in the proceedings preliminary to letting and awarding thereof shall in any way affect or operate to release or discharge said surety and the provisions and conditions of Chapter 258 of the acts of the General Assembly of Indiana, of 1933, shall be, operate as, and become a part of the terms of this bond and said contract the same as if incorporated herein.

AND THEREFORE, if the principal shall perform all of the terms and conditions required of it by the consent to cause said project to become a part of the city water utility system, and shall for one (1) year after acceptance of said project by City maintain said project and shall indemnify the City for all loss that City may sustain by reason of the Principal's failure to comply with any of the terms of the authorization, then this obligation shall be void, otherwise it shall remain in full force and effect.

Leonard B. Koeller, Thomas G. McRae, Roland E. Weber, Louis E. Meneilly,  
Kathryn J. Beauchot, James E. VanDyck, individually, Fort Wayne, Indiana

its true and lawful attorneys(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds and undertakings, recognizances, contracts of indemnity and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise, and the execution of such instrument(s) in pursuance of these presents, shall be as binding upon the said St. Paul Fire and Marine Insurance Company, as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by its regularly elected officers at its principal office.

This Power of Attorney is executed, and may be certified to and may be revoked, pursuant to and by authority of Article V., Section 6(C), of the By-Laws adopted by the Board of Directors of the ST. PAUL FIRE AND MARINE INSURANCE COMPANY at a meeting called and held on the 23rd day of January, 1970, of which the following is a true transcript of said Section 6(C).

"The President or any Vice President, Assistant Vice President, Secretary or Resident Secretary, shall have power and authority

- (1) To appoint Attorneys-in-fact, and to authorize them to execute on behalf of the Company, and attach the Seal of the Company thereto, bonds and undertakings, recognizances, contracts of indemnity and other writings obligatory in the nature thereof, and
- (2) To appoint Special Attorneys-in-fact, who are hereby authorized to certify to copies of any power-of-attorney issued in pursuance of this section and/or any of the By-Laws of the Company, and
- (3) To remove, at any time, any such Attorney-in-fact or Special Attorney-in-fact and revoke the authority given him."

Further, this Power of Attorney is signed and sealed by facsimile pursuant to resolution of the Board of Directors of said Company adopted at a meeting duly called and held on the 6th day of May, 1959, of which the following is a true excerpt:

"Now therefore the signatures of such officers and the seal of the Company may be affixed to any such power of attorney or any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with respect to any bond or undertaking to which it is attached."

IN TESTIMONY WHEREOF, the St. Paul Fire and Marine Insurance Company has caused this instrument to be signed and its corporate seal to be affixed by its authorized officer, this 16th day of December A. D. 19 77  
ST. PAUL FIRE AND MARINE INSURANCE COMPANY

STATE OF MINNESOTA

} s.s.

Vice President,

On this 16th day of December 19 77, before me came the individual who executed the preceding instrument, to me personally known, and, being by me duly sworn, said that he is the therein described and authorized officer of the St. Paul Fire and Marine Insurance Company; that the seal affixed to said instrument is the Corporate Seal of said Company; that the said Corporate Seal and his signature were duly affixed by order of the Board of Directors of said Company.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed my Official Seal, at the City of Saint Paul, Minnesota, the day and year first above written.

V.C. INNES  
Notary Public, Ramsey County, Minn.
